

Takeda Charges Ahead with the Release of **New Products** for Enthusiasts.

What do you do in a down economy? Build! Build! Build! That's Takeda's philosophy. Takeda is proud to announce the release of 15 more applications to their product line for Acura, Honda, Mazda, Nissan, Scion and much more. It's been non-stop for the Takeda R&D team and they have added to the engineering staff in order to complete even more applications.

TAKEDAUSA.COM delivers the goods with dyno videos, technical videos, installation manuals, images, and graphs of every single Takeda product. So log on find out how a genuine Takeda intake can release the power inside your vehicle. Lonely? You have a new friend in Takeda as Takeda USA is on Facebook, Streetfire, and YouTube!
